

TEEN NEWS

October 2018

Congratulations to our scholarship winners!

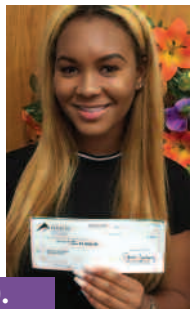

Each year, Credit Union Advantage awards two \$1,000 scholarships to Teen Club members who are entering post secondary undergraduate education, such as a 2 or 4-year college, university, or vocational school. This program was developed to honor one of our founders, Frank Brock.

Congratulations to our two 2018 winners. We are happy to help you both with expenses for your first year of college.

Watch for next year's scholarship program!

International Credit Union Day

Thursday, October 18

This year, credit unions throughout the world are celebrating the Platinum Anniversary of International Credit Union Day. For 70 years communities have been improved and lives enhanced because of the unique principles and actions of the Credit Union movement. As a Credit Union Advantage member, you'll find that we are here by your side through all of life's stages to provide you with the financial services you need.

Join us on Thursday, October 18 for refreshments and giveaways, and celebrate International Credit Union Day with us.
